

## 1 DOES YOUR IDEA FIT INTO SPELLBOUND'S WORLD?

Idea and invention submissions must have features and/or functions that go directly toward meeting our current challenges.

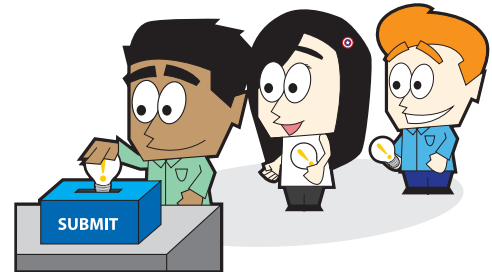

## 2 PROTECT YOUR IDEA

Protect your idea **BEFORE** you submit it to Spellbound for evaluation. We highly recommend consulting an attorney for advice.

## 3 SUBMIT YOUR IDEA, INVENTION OR PRODUCT

Read our Idea Submission Rules and Terms and Conditions and if interested, complete the online Idea Submission Form.

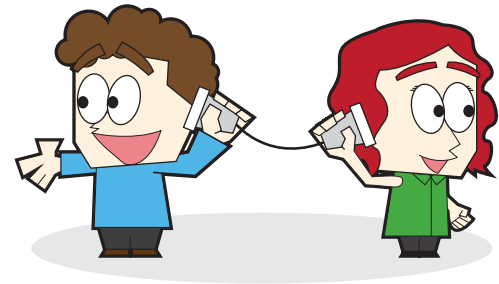

## 4 EVALUATION

If your idea meets all of the Rules and Terms and Conditions, and you have completed the online Form, your idea will be sent to Spellbound for review and evaluation.

## 5 COMMUNICATION

If your idea makes it past the evaluation stage, Spellbound will contact you to discuss the next steps. It is important that we give proper attention to each submission, so please allow up to one year for a response. We regret that we may not be able to respond to all inquiries.
